

Hebrew Summer Activities

We have worked hard this year to master the alef bet letters and their sounds and we have become Hebrew readers. The children are reading Hebrew beautifully. The CAPIT books are the books that your child used throughout their Kindergarten year. The children also received a beautiful **אלף בינה** book at their siyum. **The children must practice reading either in their CAPIT books or אלף בינה book every day for 5-10 minutes.** Please help your child by reading and reviewing together. There is a special chart for them to fill in and return to school on the 1st day of school. If they complete this special chart, they will receive a special prize from their Morot. This will ensure that they do not forget what we learned together, and they are ready for First grade.

The children also loved speaking Ivrit and learning with Podi. They are bringing home a special Podi book to read all summer. Please help your child read and review the book.

Below are some fun activities to reinforce the letters. Have fun!

Food:

Make Hebrew letters with food items. Stick pretzels, spaghetti and circle foods are easy to use. Use the food to make Hebrew words, then read and eat them.

Water Play:

"Paint" Hebrew words on the concrete with a paint brush and water. Read and watch it disappear under the hot sun.

Magnets:

Alef Bet magnets are available at local Jewish bookstores and online. Have them on the fridge to play. Have your child make words on the fridge using the Hebrew magnet letters.

Sand Play:

Trace Hebrew words in the sand with your child and say the words out loud. Pour water into the letters you have created in the sand. Have your child wipe away the letters.

Puzzles and other:

Alef Bet puzzles, stickers and stencils are available at local Judaica stores and online.

Our goal in Kindergarten this year has been to create a lifelong love for learning within each of our students. Please take the time to read with your child and to continue that love for learning by engaging in these fun activities.

Have a wonderful and safe summer!

Love,

Morah Shoshi and Morah Lisi
